

# Rhode Island State-Wide Multiple Listing Service Customer Benefits

As a State-Wide MLS customer, you're connected with the products and services that can help you achieve success. Here are just some of the benefits available to you with your State-Wide MLS subscription:

## ▶ Dependable MLS Access

Serving more than half of the nation's real estate professionals, MLS systems like Matrix from CoreLogic provide uncompromising functionality and unmatched flexibility. Customers can perform robust property searches; create customized reports; manage their clients; view market analytics; and retrieve public records and mapping data.

## ▶ RIMLS Mobile App

Listings from anywhere! RIMLS Mobile provides MLS customers with powerful listing search and edit tools directly from their tablets and smartphones.

## ▶ RILiving.com

Rhode Island's real estate information source for more than 20 years! Along with automatic posting of properties and open houses directly from MLS to RILiving.com, MLS customers can elevate their presence by customizing their agent page and advertising their brand. The RILiving Mobile App by Smarter Agent makes this information easily accessible to consumers anywhere and at any time.

## ▶ Transaction Desk by Instanet

Instanet makes managing paperwork a breeze with online forms and a full suite of transaction management tools such as digital signature applications, document storage and more.

## ▶ Free MLS Training

The RI REALTORS® Professional Development Center offers numerous free MLS trainings to help you enhance your skills. Offered both in person and online, these trainings can assist you in using our ever-growing list of technology-based products and services to their full potential.

## ▶ MLS Tech Support

The professional support staff at State-Wide MLS is trained to assist you with any MLS-related questions or issues. Tech Support is available Monday through Friday (except holidays) from 8:15am – 5pm by calling 401-432-6905.

**Customer Service:**  
401.432.6904

# Rhode Island State-Wide Multiple Listing Service Products & Services

State-Wide MLS provides customers with access to additional products, services, and tools that can help you manage and grow your business. Find them on the Member Gateway on RIREALTORS.org.

## ▶ Showing Time

Increase your efficiency and productivity by scheduling showing appointments directly from Matrix with Showing Time.

## ▶ Remine

Learn about real estate opportunities with Remine's predictive intelligence system. Stay informed and win more business.

## ▶ Property Panorama

Nothing gives a homebuyer the real-world experience of viewing a property online like a virtual tour. With Property Panorama, you can easily create robust virtual tours, video tours and podcast tours, complete with all of the custom features found in comparable products that cost much more.

## ▶ Additional Discounted & Optional Services

### **MyFloodStatus**

MyFloodStatus provides accurate, certified and insured flood determination reports used by agents nationwide. These low-cost, structure-based reports, allow you to confirm the true flood status of any property and help protect you from liability.

### **Taxbot**

Taxbot helps you focus on business growth by helping you automate and simplify tedious accounting processes that save you time and money.

### **Lion Desk**

Manage your contacts, texts, emails, and sales and marketing automation with ease. With connections to more than 100 third party tools, LionDesk is the hub that unifies all your communications, contacts and transactions.

### **MyRental**

Among the best tenant screening products available today, MyRental provides the reports upon which property management companies rely.

## ▶ ListTrac

With ListTrac, MLS customers have access to a real-time dashboard, detailed listing metrics and listing performance reports from MLS, IDX, and syndication websites.

## ▶ ListHub

With ListHub, you can easily send your listing content to more than 60 popular real estate websites.

## ▶ RatePlug

Provide your clients with dynamically updated lending rates by adding the RatePlug module to your MLS custom reports.
